# Platular® wide gap all welded plate heat exchangers

Main Fermenter Cooler

**COMPACT &  
EASY TO CLEAN  
HEAT EXCHANGERS**

Alcohol  
Interchanger

## Applications in the bioethanol industry:

- Fermenter Coolers
- Beer / Stillage Interchangers
- Alcohol Interchangers
- Saccharification Coolers
- Alcohol Condensers
- Mash / Beer Coolers

Saccharification Cooler

Beer / Stillage  
Heat Exchanger

# barriquand

technologies thermiques

## best choice for bio-fuels production

- Mash Cooker
- Small and Large Mash Coolers
- Feed Beer Preheater
- Pre & Fermenter Cooler
- Cooker Flash Condenser
- Liquefaction Cooler
- Beer/Stillage Interchanger
- Alcohol Condenser
- Alcohol Interchanger
- Benzene Cooler
- Anhydrous Alcohol Cooler
- Saccharification Trim Cooler
- Saccharification Cooler
- Others...

### PLATULAR® Applications for Fuel Alcohol Production
